WHY USE A BALL MACHINE?

Tenis ve padel makineleri, antrenman yapmak için partner bulma zorunluluğunu ortadan kaldırarak size dilediğiniz an çalışma özgürlüğü sunar. Stabil ve hassas top atışları sayesinde vuruş tekniğinizi mükemmelleştirmenizi sağlayan bu makineler, sunduğu farklı antrenman programlarıyla oyununuzu kısa sürede bir üst seviyeye taşımanıza yardımcı olur.

Antrenörler için vazgeçilmez bir yardımcı olan bu cihazlar ile tenis ve padel derslerini çok daha verimli, dinamik ve eğlenceli hale getirebilirsiniz.

WARRANTY AND SERVICE

Staneg provides a 2-year warranty on every machine and accessory, giving users a dependable experience. With the advantage of being the producer, all spare parts are always in stock for fast delivery.

Play Mod

Choose one of 20 different areas of the court and practice your shots with your desired speed and spin. Improve your forehand and backhand strokes.

Drill Mod

Start your workout with one tap, no setup needed. Simple and fast to use.

Rally Mod

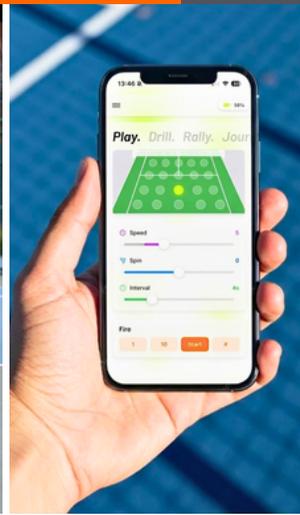

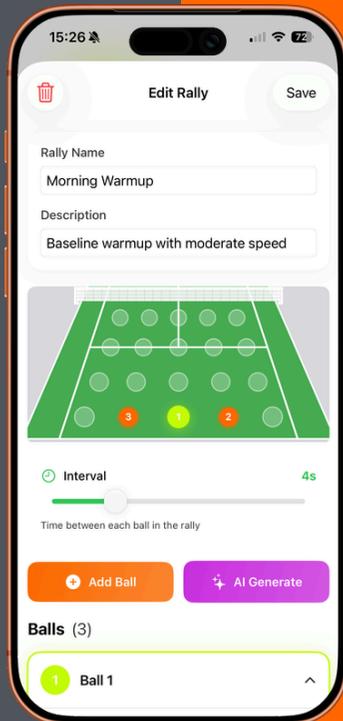

With the help of AI, you can choose from preset training modes or build your own route in just a few steps.

Journey Mod

Discover interactive challenges that turn your workouts into a fun journey

Antrenman Takibi

Track all your workouts easily and see your progress clearly.

SMART WATCH

Start and stop your workouts remotely with smart watch integration, switch between sessions quickly, and track your daily training data.

EXTERNAL BATTERY

Staneg Pro AI's strong li-ion battery lets you train for 4–5 hours straight on one charge. An external battery makes it simple to power up wherever you are, no need to bring the machine to a socket.

TRANSPORT

Its foldable ball container lets it fit neatly in any car trunk. The built-in wheels and pull handle make transport effortless, so you can enjoy training anywhere.

STANEG PRO CASE

It makes it easy to carry your machine over uneven areas and when loading, offering solid protection from outside impacts. The back battery pocket provides extra convenience and prevents loss.
